Strengthening Africa-Germany Business Partnerships

Last Thursday evening, August 22nd, ReThinking Africa Foundation was privileged to host an exclusive meeting with His Excellency Lazarus McCarthy Chakwera, President of the Republic of Malawi, and a distinguished group of German business leaders at SO/Berlin "Stue". This event marked a pivotal moment in the promotion of direct cooperation between Africa and Germany, with a focus on concrete business proposals and investment opportunities in Malawi.

We are pleased to announce that during this meeting, a Memorandum of Understanding (MoU) was signed between Malawi's Minister of Energy, Hon. Ibrahim Matola, and Mr. Zeno Fleck, owner of SunPower Development. This MoU paves the way for the development and investment of a 50 MW solar power plant in Malawi. This collaboration is a testament not only to the strengthening ties between our nations, but also to our shared commitment to promoting sustainable energy and economic development throughout Africa.

We are confident that this project will have a positive impact on job creation and economic growth in Malawi, and we look forward to supporting more such initiatives in the future.

If you have project ideas or need assistance with introductions, please don't hesitate to contact us. We're here to help!

Über ReThinking Africa

ReThinking Africa ist eine deutsche Wirtschaftsinitiative mit europäischem Ansatz, die sich für einen Perspektivwechsel beim Blick auf Afrika einsetzt. Bei den Investitionsbeziehungen macht sie sich für eine pragmatischere Afrikapolitik stark. Mit neuen Lösungsansätzen will sie weg vom traditionellen Klischee eines ganzen Kontinents als Entwicklungsprojekt für hilfsbedürftige Menschen. Wirtschaft entwickeln, Arbeitsplätze und nachhaltige Investitionen schaffen.
